Authors (in order) :

Author unit :

Written signature of all the authors (please fill in the order of the authors in the article, the page is not enough to attach another page) :

Author's signature, contact information, and signature date

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____

The authors (copyright owners) of the above papers agree to publish the above documents in the journal of "the Chinese Livestock and Poultry Breeding " and voluntarily transfer some of the copyrights of the papers to the editorial department of " the Chinese Livestock and Poultry Breeding " for free after being received and published, and clarify the relevant issues as follows :

1. ' The Chinese Livestock and Poultry Breeding ' magazine has the following exclusive rights to use this article: the right of compilation (part or all of the article), the right of reproduction of printed and electronic versions, the right of translation, the right of network communication, the right of distribution and the right to license the literature retrieval system or database. Without the written permission of the ' Chinese Livestock and Poultry Breeding ' magazine, no part of this article may be compiled, reproduced, or published.
2. To ensure that this article (1) is not plagiarized and is an original work ; (2) No two submissions ; (3) does not involve confidentiality and other infringement issues related to intellectual property rights ; (4) There is no dispute about the signature and order. Because 'The Chinese Livestock and Poultry Breeding ' has assumed the responsibility of disclosure, if the above infringement, leakage, and other issues occur, all the responsibility is borne by the author of the paper.
3. The author of the paper ensures that the signature of the paper is not controversial. If there is a signature dispute, the responsibility is borne by the author of the paper.
4. This authorization takes effect on the date of acceptance of this article by "the Chinese Livestock and Poultry Breeding " which is valid until December 31, 10 years after the publication of the paper.
5. This agreement takes effect from the date of the signature of all the authors, after the signature, the author submits the copy/scan of the agreement through e-mail, submission system, etc., which is deemed to have the same legal effect as the original copy/scan. After the signature of this authorization is effective, the article will be published. Once the paper fails to meet the publication requirements and cannot be published in journals, this agreement automatically expires.
